Cardiff MRCS Courses: Anatomy, Pathology and Physiology for MRCS OSCE - Intensive Revision Course for October 2019 Exam

This one-day intensive revision course covered the 'knowledge component' that makes up 160 marks (8 stations) in the MRCS OSCE. The course covered the commonly tested and high-yield topics in anatomy, pathology, microbiology, physiology and critical care. The day was specifically intended for those who had completed a good amount of prior revision, but who wished to revise and consolidate all topics in the 'knowledge component' of the exam in one day in preparation for the exam during the second and third weeks of October 2019. The day was calculated to be equivalent to 30 hours of individual revision.

I was satisfied with the course.

MQ

NA

I enjoyed the course.

GV

Altnagelvin Area Hospital, Londonderry, Northern Ireland

This was the best MRCS Part B Course I have attended so far. It was worth the money and the lecturer was excellent; they covered all the important exam topics and clarified a lot of my questions.

SC

Southmead Hospital, Bristol, United Kingdom

Excellent.

AO

University College Hospital, Ibadan, Oyo State

This was a well organised course with prompt replies and confirmations. Both the staff and the environment were friendly. The lectures were detailed and covered a wide range of topics.
