

Cardiff MRCS Course: Final Revision for MRCS OSCE (includes basic sciences and procedural skills)

4th and 5th May 2019 School of Biosciences, Cardiff University

Programme

DAY 1

1135 - 1150	Break and Refreshments
	General PathologySystem-Specific PathologyVascular Pathology and Ulcers
1010 - 1135	REVISION OF PATHOLOGY (1)
0840 - 1000	Revision of OSCE questions in Anatomy (1) Head, Neck, Lower Limb
0830 - 0840	Exam format, marking and OSCE pointers
0820 - 0830	Registration
0815	Venue opens

1135 - 1150	Break and kerresnments
1155	Arrive Anatomy Centre (Dissection Room)
1200 - 1350	PROSECTIONAL ANATOMY AND RELEVANT OSTEOLOGY: Circuit 1
	• Shoulder, Brachial Plexus, Arm, Elbow, Forearm, Hand, Hip, Gluteal Region, Thigh, Knee, Leg, Ankle, Head, Face, Neck, Anterior Abdominal Wall, Inguinal Region, Abdominal Contents, Solid Organs of the Abdomen, Pelvis, Thorax, Mediastinum,

31.00.000, 21.000, 10.000, 10.11, 21.00 11, 1.00.100, 1.11, 1.10, 1.11,
Knee, Leg, Ankle, Head, Face, Neck, Anterior Abdominal Wall, Inguinal Region,
Abdominal Contents, Solid Organs of the Abdomen, Pelvis, Thorax, Mediastinum,
Heart and Lungs

1350 - 1430 Lunch

1430 - 1620 PROSECTIONAL ANATOMY AND RELEVANT OSTEOLOGY: Circuit 2

> Shoulder, Brachial Plexus, Arm, Elbow, Forearm, Hand, Hip, Gluteal Region, Thigh, Knee, Leg, Ankle, Head, Face, Neck, Anterior Abdominal Wall, Inguinal Region, Abdominal Contents, Solid Organs of the Abdomen, Pelvis, Thorax, Mediastinum, Heart and Lungs

1620 - 1640 **Break and Refreshments**

1640 - 1800	 COMMUNICATION SKILLS Information Giving Information Gathering Breaking Bad News Consent Referral Telephone Conversation
1800 - 1845	Revision of OSCE questions in Anatomy (2) Thorax, Abdomen, Upper Limb
1845 - 1930	 APPLIED SURGICAL SCIENCES AND CRITICAL CARE (1) General Principles Local Anaesthetics Physiological Parameters
1930	End of Day 1
	DAY 2
0815	Venue opens
0820- 0830	Registration
0830 - 0945	 REVISION OF PATHOLOGY (2) Cancer pathology – Thyroid Cancer pathology – Testis Cancer pathology – Melanoma Cancer pathology – Skin Cancers Cancer pathology – Colon Cancer pathology – Bones Cancer pathology – Salivary Glands
0945 - 1000	Break and Refreshments
1000 - 1300	 CLINICAL AND PROCEDURAL SKILLS Knot-tying Excision of Lesion Suturing Techniques, Sutures and Needles Fine Needle Aspiration Cytology Wound Debridement and Management Urinary Catheterisation Cannulation of a High Risk Patient Venepuncture Arterial Blood Gas Analysis Lumbar Puncture
1300 - 1345	Lunch
1345 - 1645	 Examination of the Hip Examination of the Knee Examination of the Spine/Back Examination of the Shoulder Examination of the Arterial System Examination of the Venous System Examination of the Abdomen Examination of the Neck
1645 - 1700	Break and Refreshments

1700 - 1845 APPLIED SURGICAL SCIENCES AND CRITICAL CARE (2)

- Management of Burns
- Calcium Metabolism
- Metastatic Bone Disease
- Spinal Cord Lesions and Cord Syndromes
- Trauma Management
- Reconstructive Surgery

1900 End of Course
